

IN THE DRAWINGS

Filed concurrently herewith is a Drawing Amendment in which applicants request that FIG. 1 be amended to included reference character 20. Applicants respectfully submit that the proposed change to FIG. 1 adds no new matter to the specification.

IN THE SPECIFICATION

Please substitute the paragraph provided below, for the paragraph provided at page 3, lines 10-12.

- an outer sleeve 6 above its mouth 4 when the bag is in the inverted position, that is to say with its mouth lowermost (opposite of that depicted in Figure 1);

Please substitute the paragraphs provided below, for the paragraphs provided at page 3, lines 28-34.

In accordance with Figures 4 and 5, the parallel edges 2d of the flap 2b are brought together and folded using any appropriate fold, to form at least one fold 7 for internally closing the bag.

As shown by Figure 6, it is the outer envelope 2c which makes it possible to obtain the neck 8 inside which the inner closure fold 7 is located.

Please substitute the paragraph provided below, for the paragraph provided at page 3, lines 38-39, and continuing onto page 4, lines 1-2.
